DEEPSHIKHA MALAV

SALESFORCE CONSULTANT

Salesforce Consultant with hands-on experience delivering end-to-end CRM solutions in an Agile environment, quickly ramping up on and deploying IBS Technology's in-house Salesforce products (Baucore, SalesExt, SpecifiQ) across multiple concurrent clients. Skilled in requirements gathering, translating business needs into user stories, and configuring Salesforce (Flows, Security, Reports, Lightning Apps), with growing use of AI tools to speed up configuration and deployment. Experienced in client collaboration, key user/admin training, and driving user adoption. Combines a strong business process improvement background with technical Salesforce expertise to deliver scalable, user-centric solutions.
